

# Dendy Park South Playground

**We've got a plan for play!**

**Council is investing \$10.3 million over 10 years to upgrade every playground in Bayside.**

We've developed a plan for an upgraded playground at Dendy Park South.

The playground design reflects the open and natural appeal of the park while providing a range of play experiences.

A new public artwork will be commissioned for the playground. The artist's brief will be to create a sense of wonder and play and respond to the special nature of the site.

**Saturday 25 November  
10.30am – 11.30am**

Or have your say online at  
**[bayside.vic.gov.au/haveyoursay](https://bayside.vic.gov.au/haveyoursay)**

**Proposed play equipment includes**

- Upgrading the existing swings and installing a new basket swing.
- Upgrading extensive rope play structure with timber posts and log elements.
- A large embankment slide with timber decking.
- Adding rubber to the existing mounds.
- Low rockwork providing a seating edge.
